MY LIFE PHILOSOPHY

What doesn't kill you makes you stronger — every challenge is a chance to grow.

SUMMARY

IT Project Manager with hands-on experience in team collaboration, client communication, and project delivery. Transitioning from a frontend focused fullstack development background (4+ years) with a return to project coordination, which I previously practiced in a web studio environment. Experienced in Agile environments, with strong technical background and understanding of cloud platforms, testing practices, and delivery pipelines.

CORE SKILLS

Project Management

Project Planning and Coordination · Stakeholder Communication · Risk and Issue Management · Requirement Gathering and Documentation · Cross-functional Team Collaboration · Basic Gantt and WBS Familiarity

Tools & Methodologies

Agile / Scrum Methodologies · Jira / Trello · Git / GitLab · Presentation Platforms: PowerPoint / Google Slides · Documentation platforms: Confluence / Notion

Technical Background

JavaScript · TypeScript · React.js · Next.js · Node.js · REST APIs · Python · SQL · NoSQL · AWS · Azure · Cloud Architecture · Serverless Deployment · Infrastructure as Code

EXPERIENCE

Benefit Systems SA

Wroclaw, Poland

Frontend-Focused Full-Stack Developer

03/2022 - 12/2024

- Worked as frontend-oriented fullstack developer on internal Agile projects.
- Participated in daily stand-ups, sprint plannings, refinements, and ticket grooming using Jira and Confluence.
- Communicated with backend team and testers to clarify project requirements and during sprint cycles.
- Maintained scope clarity and participated in requirement refinement with product owners.
- Used Slack and Microsoft Teams for async and real-time collaboration.

Findify

Stockholm, Shweden (Remote)

Frontend Web Developer

06/2021 - 02/2022

- Delivered 6 eCommerce integrations in B2B projects, collaborating with clients and QA team.
- Led feature deployments and participated in internal retrospectives to improve project velocity.
- Contributed to technical documentation and user manuals for handoff.

EXPERIENCE

Freelance/Independent Work

Remote

Freelance Web Developer

06/2020 - 06/2021

- Balanced part-time work and study while managing small freelance projects.
- Delivered landing pages and small web apps for clients with clear communication and deadlines.

ADDITIONAL EXPERIENCE

GeniusMarketing

Kyiv, Ukraine

Project Manager

11/2015 - 03/2016

- Managed 3-4 web projects simultaneously from initiation to delivery.
- Worked directly with clients to gather requirements, clarify project goals, and define priorities.
- Coordinated cross-functional teams, including designers and developers, to ensure smooth project execution.

Sales Manager & Entrepreneur

Kyiv, Ukraine

Self-launched project

09/2014 - 09/2015

- Founded a small business in the steel structures industry: developed a website, generated leads online, and converted them through direct B2B communication.
- Created commercial proposals, managed incoming requests, and handled the full sales cycle from inquiry to delivery.
- Designed marketing materials and conducted remote client negotiations to build trust and close deals.
- Gained hands-on experience in multitasking, customer relationship management, and building processes from scratch.

EDUCATION

International University of Applied Science

Berlin, Germany
(Online campus)

Bachelor's in Software Development
